For the processing activities as specified in **Annex 2** to this Addendum, the following qualification shall apply:

- the Hospital shall determine the purpose and means of processing and shall consequently be the controller;
- the Supplier shall carry out the processing of personal data on behalf of the Hospital as controller, and shall consequently be the processor.

## 2. **SCOPE AND RELATIONSHIP TO THE BASIC AGREEMENT**

2.1 This Addendum shall form an integral part of the Basic Agreement concluded between the Hospital and the Supplier. The provisions of this Addendum shall apply in full to all processing of personal data performed by the Supplier in the context of the implementation of the processing activities specified in Annex 2.

2.2 The provisions of this Addendum (and Annexes) shall take priority over the (possibly contrary) provisions concerning data protection and processing and confidentiality of data in the Basic Agreement, and shall replace these provisions.

**3. PROCESSING IN ACCORDANCE WITH THE REGULATIONS AND THE WRITTEN INSTRUCTIONS OF THE HOSPITAL**

**3.1** When processing personal data, the Parties shall act in accordance with the Data Protection Legislation.

**3.2** The Supplier shall process the personal data exclusively on the basis of the written instructions of the Hospital, unilaterally determined by the Hospital and as set out in **Annex 2** to this Addendum. If the written instructions are not clear, the Supplier shall notify the Hospital of this in writing, whereupon the instructions shall be clarified by common accord.

**3.3** Unless otherwise stipulated in this Addendum, the Supplier shall not process the personal data for its own purposes or for those of third parties, or provide the personal data to third parties, or transmit these data to a country located outside the European Union without having received a written instruction to do so from the Hospital. Processing in accordance with the instructions of the Hospital may also mean that the processing must be stopped (immediately).

If European or national legislation requires the Supplier to undertake specific processing, the Supplier shall inform the Hospital, prior to the processing, of that legal requirement, unless this legislation prohibits such notification for important grounds of general interest.

**3.4** The Hospital shall give instructions to the Supplier in accordance with the Data Protection Legislation and shall ensure that all personal data entrusted to the Supplier have been obtained lawfully and can be processed under the Basic Agreement.

**4. APPROPRIATE TECHNICAL AND ORGANISATIONAL MEASURES**

**4.1** The Parties shall implement appropriate technical and organisational measures to ensure a level of security appropriate to the risk.

**4.2** When determining the measures, the state of the art, the costs of implementation and the nature, scope, context and purposes of processing, as well as the risk of varying likelihood and severity for the rights and freedoms of persons, shall be taken into account.

The measures shall include, inter alia, as appropriate:

- a) Pseudonymisation and encryption of personal data;
- b) The ability to ensure the ongoing confidentiality, integrity, availability and resilience of processing systems and services;
- c) The ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident;
- d) A process for regularly testing, assessing and evaluating the effectiveness of technical and organisational measures for ensuring the security of the processing.

**4.3** In assessing the appropriate level of security, account shall be taken in particular of the risks that are presented by processing, in particular from accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data transmitted, stored or otherwise processed.

The Supplier shall adhere to the standards of approved codes of conduct and certification mechanisms as applicable within the sector. It shall supply evidence thereof in an Annex to this Addendum.

- 4.4** The Supplier shall describe in **Annex 3** the appropriate technical and organisational measures it has implemented. It shall report to the Hospital, on its own initiative, changes made to the measures, as set out in Annex 3, within a period of fourteen days of making the changes.

- 5.1** The Supplier shall ensure that its representatives, agents, subcontractors and employees comply with the provisions of this Addendum.

The Supplier shall ensure, in line with this:

- that persons authorised to process personal data have undertaken to maintain confidentiality or are bound by an appropriate statutory obligation of confidentiality;
- that measures have been implemented to ensure that any natural person acting under its authority who has access to the personal data, shall not process these data except on instructions from the Hospital, unless required to process them by European or national legislation.

- 5.2** The Supplier shall not recruit any other processor (“Sub-processor”) without the prior specific or general written consent of the Hospital.

In the case of specific written consent, the Supplier shall provide the full details of the processing taken over by the sub-processor in **Annex 1** to this Addendum.

In the case of general written consent, the Supplier shall make use of a third party as sub-processor only provided that it has informed the Hospital in good time, and in any case in advance, of the identity of the sub-processor and provided that the Hospital has not objected to this.

- 5.3** If the Supplier has recourse to a sub-processor, the Supplier shall impose on this sub-processor by agreement the same obligations concerning data protection as those applying between Processor and Controller. The Supplier shall provide the Hospital with the agreement with the sub-processor on first request.

- 5.4** If the sub-processor fails to comply with its data protection obligations, the Supplier shall remain fully liable in relation to the Hospital for complying with the sub-processor’s obligations.

**6. PROVISION OF ASSISTANCE WITH RESPECT TO THE OBLIGATIONS REGARDING THE DATA PROTECTION POLICY OF THE HOSPITAL**

**6.1** Taking into account the nature of the processing and the information available to it, the Supplier shall undertake to provide assistance to the Hospital with respect to the responsibility of the Hospital to comply with the following data protection obligations:

- Implementation of appropriate technical and organisational measures to ensure a level of security appropriate to the risk;
- Notification of a personal data breach to the supervisory authority;
- Communication of a personal data breach to the data subject;
- Carrying out a data protection impact assessment;
- Consultation of the supervisory authority prior to processing where the data protection impact assessment indicates that the processing would result in a high risk in the absence of measures taken by the Hospital to mitigate the risk.

The time and resources spent by the Supplier in providing the assistance shall be at the Supplier's own expense.

**6.2** Pursuant to Article **Fout! Verwijzingsbron niet gevonden.**, the Supplier shall inform the Hospital in detail and immediately of a (suspected) personal data breach as well as of any data leak (at the sub-processor too) as soon as the Supplier has become aware of this. The notification shall take place in such a way that the Hospital can satisfy in time its legal obligations as controller under the Data Protection Legislation. The Supplier shall indemnify the Hospital in accordance with Article **Fout! Verwijzingsbron niet gevonden.**

The Supplier shall use the report form in **Annex 4** for the reporting.

The Supplier shall also provide assistance in the investigation and the mitigation and remediation of a personal data breach. In this respect, it shall provide assistance, inter alia, with a view to the documentation of measures such as data protection by design and data protection by default.

**6.3** The Supplier shall notify the Hospital immediately of any complaint, accusation or request made (including if it comes from a regulator) with regard to the processing of personal data by the Supplier. The Supplier shall offer all necessary cooperation and support that the Hospital can reasonably expect with regard to such a complaint, accusation or request, including by providing full information on such a complaint, accusation or request, together with a copy of the personal data concerning the data subject in the possession of the Supplier.

**7. PROVISION OF ASSISTANCE FOR REQUESTS BY THE DATA SUBJECTS**

**7.1** Taking into account the nature of the processing, the Supplier shall provide the Hospital with assistance by appropriate technical and organisational measures in fulfilling the Hospital's obligation to respond to requests to exercise the rights of the data subject, as specified in the Data Protection Legislation.

This implies, inter alia:

- that the Supplier provides all the personal data requested by the Hospital within the (reasonable) period of time requested by the Hospital, in any case including the full details and copies of the complaint, communication or request and any personal data in its possession concerning the data subject;
- that the Supplier implements technical and organisational measures that permit the Hospital to reply effectively and in a timely manner to relevant complaints, communications or requests.

The time and resources spent by the Supplier in providing the assistance shall be at the Supplier's own expense.

**7.2** Pursuant to Article **Fout! Verwijzingsbron niet gevonden.**, the Supplier shall undertake to inform the Hospital without delay if it receives one of the following requests from a data subject (or third party acting on behalf of a data subject):

- a request to obtain a portable copy of the personal data, or for transmission of a copy to a third party;
- an objection to any processing of personal data; or
- any other request, complaint or communication concerning the obligations of the Hospital under the Data Protection Legislation.

The Supplier shall not reply to the requests and applications by the data subject itself, unless there are any written agreements to the contrary between the Hospital and the Supplier.

The Supplier shall make all information available to the Hospital which is needed to demonstrate compliance with the obligations under the Data Protection Legislation.

The Supplier shall make audits possible, including inspections, by the Hospital or an auditor authorised by the Hospital, and shall contribute to them. The Supplier shall grant full cooperation with regard to such an audit and, at the request of the Hospital, shall supply evidence of compliance with its obligations under this Addendum.

**8.2** The Supplier shall inform the Hospital immediately if, in its opinion, an instruction under Article **Fout! Verwijzingsbron niet gevonden.** breaches the Data Protection Legislation.

**9. LIABILITY**

- 9.1** The Parties shall each be responsible and liable for their own actions. The liability regulated in this Article shall relate exclusively to the liability arising from a breach of the Data Protection Legislation and this Addendum.
- 9.2** The Supplier shall reimburse and indemnify the Hospital for all claims, actions, demands by third parties and for all damage and losses (also including fines imposed by the data protection authority) arising directly or indirectly from processing of personal data if, during the processing, it has not complied with the obligations of the Data Protection Legislation addressed specifically to processors or if it has acted outside or contrary to the lawful instructions of the Hospital.
- 9.3** The Parties shall ensure sufficient cover of their liability.

**10. END OF THE AGREEMENT**

- 10.1** If the Supplier fails to comply correctly with the obligations arising from this Addendum or fails to implement appropriate measures within a maximum period of two months, the Hospital – without prejudice to other forms of termination as provided for in the Basic Agreement – may terminate the Basic Agreement immediately after the aforementioned period of two months and/or stop the processing assignment.
- 10.2** This agreement shall form an integral part of the Basic Agreement and shall therefore follow the fate of the Basic Agreement. However, if the Basic Agreement comes to an end, the provisions of this Addendum shall apply as far as necessary for winding up the obligations in accordance with the Data Protection Legislation.
- 10.3** Immediately on (no matter which) termination or expiry of the Basic Agreement or after the expiry of the storage period, the Supplier – at the discretion of the Hospital – shall return the personal data to the Hospital and/or irrevocably erase the personal data entirely and remove existing copies. If the Hospital opts for the removal of the personal data, the Supplier shall demonstrate to the Hospital, on written request, that the removal has in fact occurred.

The Supplier may derogate from paragraph 1 if the storage of the personal data is required under European or national legislation.

**FINAL PROVISIONS**

- 10.4** In the event of nullity or voidability of one or more provisions of this Addendum, the other provisions shall remain in full force.
- 10.5** This Addendum shall be subject to Belgian law. Disputes shall be brought before the courts/tribunals in the judicial district of Dendermonde, which shall have exclusive territorial jurisdiction.
